

50 Years of Stories and We Want Yours! 2008 marks the 50th Anniversary of CACL

And that means there are 50 Years of Stories out there of things that have moved us forward and made a difference.

We want to hear your stories - about positive things you can share from your own experience about how kids have been included in classrooms, schools and communities in Canada.

Things are different today then they were in 1958. but not different for everyone - and not different enough for us to be complacent. So we want to hear from you.

CACL President Bendina Miller has written our Commentary and shares 2 stories from her experience as an educator in Western Canada. I think Bendina has done a simply great job to get us started.

Follow the links and post your story on line - share it with others and tell people about this effort.

We will select 3 stories to share with delegates to the CACL Conference in Ottawa in November - and we will feature the 3 contributors stories on our main website.

So ... read Bendina's Commentary and share your own. We want to hear from you!!

Join the discussion.
